

Welcome to Class 4's Webpage

EVERY STUDENT CAN
LEARN
just not on the same day
or in the same way.
GEORGE EVANS

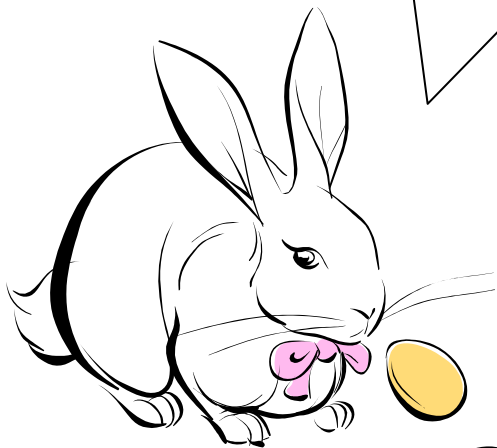

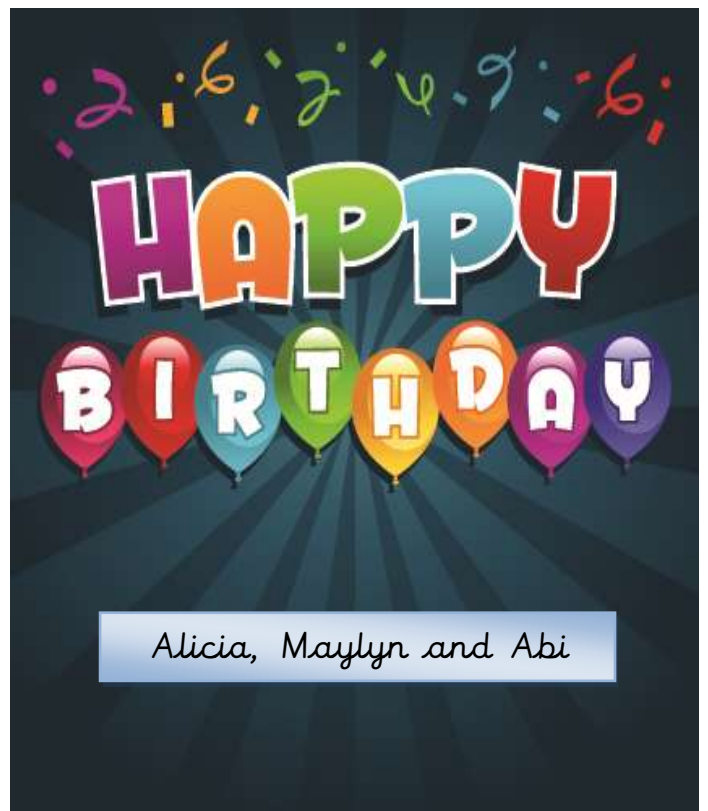

We have done a whole half year in Year 4 now and we have all worked very hard, so each member of our class should feel very proud of everything they have already achieved.

We have already had our trip out to 'Stibbington' where the class had a chance to experience life as an evacuee, which tied into our term's topic, learning about life during World War Two. Hopefully you will be able to join us for our VE Day celebration towards the end of the term.

In our English lessons we shall continue to master our skills in; comprehension, creative writing, grammar, presentation and writing in paragraphs.

Science, this term, is all about Electricity and how we utilise it.

In our Computing we will become movie makers; planning, creating and editing our Oscar worthy masterpieces. Who knows, we might have a new Spielberg in our midst...

Our values this half term are Caring, Trust and Courage

As we approach Spring, we will begin to see baby animals around and plants starting to grow. Take time to observe nature but remember not to touch or interfere as this can cause harm.
